

Connected virtually. Virtually anywhere.

ADP Mobile Solutions

Today's employees are working differently — no longer tied to a desk, an office, or in front of a computer all day long. That's why ADP Resource® delivers mobile pay and 401(k) statements, helping to keep your employees engaged and aware no matter where they are.

If you're managing your changing workforce the same old way, you're missing out on a tremendous opportunity to connect with your employees, enhance productivity, attract and retain talent, and drive significant organizational growth.

Imagine getting all of this from a single mobile app. With today's powerful mobile devices reaching the enterprise level...you can.

According to ADP® and VDC research, the total number of mobile workers globally exceeded 1 billion in 2010 and should grow by more than 10% over the next three to five years.¹

IN THE BUSINESS OF YOUR SUCCESSSM

Stay connected. Anytime. Anywhere.

By 2013, mobile phones will overtake PCs as the most common Web access device worldwide.² In fact, respondents to a recent survey³ expressed interest in an easy way to access information such as:

- Pay statements – 80%
- 401(k) balance – 73%
- Medical benefits – 71%

It's all within reach of even the most mobile workforce with the new ADP Mobile Solutions app — keeping your employees engaged, informed and productive wherever they are.

Best of all, the ADP Mobile Solutions app boosts productivity two ways: Empowering employees with self-service access while freeing your HR staff from many routine inquiries.

Technology and Innovation

As a Resource client you'll have access to a flexible technology platform and operational infrastructure including:
