Complimentary Webinar

# Garnishment Compliance Updates and Trends

As headlines in the mainstream and business community tell us, the common goal for many businesses is to persistently institute business efficiencies in order to better compete in U.S. and global markets. These initiatives, however, often overlook the payroll professionals who often have little time to react to the changes imposed on them from the top down. Specifically, payroll garnishments present many compliance challenges. And, as payroll professionals know, minimizing the risk of noncompliance is the single most important factor that lurks in the payroll world.

In this session, you will learn from ADP's Garnishment Services Agency Relations about critical regulatory changes that immediately affect you. In

addition, you will learn about up-to-date information and trends that drive changes in the garnishment arena.

The last 10 minutes of this webinar are reserved for questions & answers. Plus, we'll be doing a drawing for a \$100 TotalPay gift card. The winner will be announced during the broadcast.

### No Fee, but Space is Limited

This webinar is a complimentary event brought to you by ADP, Inc. However, space is limited so be sure to register today!

## Featured Speakers

### Corrinne Flores

*Agency Relations Manager Tax & Compliance Services, ADP*

Corrinne Flores is the Manager of Agency Relations, the Diverse Products team, supporting ADP's Garnishment Services, WGPS, New Hire Reporting and Unemployment Compensation Services organizations.
