

ADP Taxware and SAP: A Closer Look

Thursday, June 12, 2008
Noon - 1:00pm EST

Planning to deploy a sales and use tax solution that can work alongside your SAP ERP system? Then you won't want to miss this free one-hour webinar. Led by implementation experts from ADP Taxware's Enterprise Solutions Group, this webinar will look at ADP's two tax calculation engines - Taxware Enterprise and the Sales & Use Tax System. We'll look at the benefits of each system, the differences between them, and how each can be successfully integrated with SAP. The final 10-15 minutes of the presentation will be devoted to answering questions from the audience.

Axel Knaf
Senior Director, Enterprise Solutions
Group, ADP Taxware

Axel has a unique background in both tax and technology and is an expert at implementing ADP solutions in the transaction tax arena. His understanding of SAP and the nuances of transactional tax has enabled him to provide leading edge designs for companies such as Ericsson, Compaq, Lab Safety and many other Fortune 500 companies. Axel's accomplishments include development of a 50/50 Split rule for interstate telecommunications taxes, a hybrid ADP Taxware solution to handle transactional and telecom taxation, and use of SAP WBS elements to define taxation of IT consulting services. Axel's implementation strategies maximize the ROI for the business while at the same time reduce the total cost of ownership.

Axel Knaf earned a MBA in Management Information Systems, and a BS in Accounting and Management from Northeastern University.
