Fran DeLuca
ADP

Today's business leaders are continuously challenged to do more with less. Payroll and HR professionals can use cost control measures to enhance their own standing with senior managers because, unlike other taxes, State Unemployment Insurance (SUI) premiums are primarily based on your company's HR behavior. They represent your only controllable tax costs! ADP can help you take care of that challenge by enabling you to control your UI costs through prudent claims management.

ADP Sales Tax Solution at Johns Manville: A Case Study

Friday, May 1
12-1pm Eastern

John Sallese
ADP

During this presentation, you will hear about the implementation of the Taxware Enterprise transaction tax system with the SAP ERP system at Johns Manville's world headquarters in Denver, Colorado.

Taxware Enterprise is being implemented to make complex use tax decisions, and is linked directly to the SAP Payables and SRM module. You will hear a first-hand account of how the tax system is being implemented; how Johns Manville moved from test to actual production; learn

Mike Campbell
Johns Manville

about the intricacies of simultaneously connecting a transaction tax system with an ERP system, from a tax point of view; and have the opportunity to ask questions of the panel.
