Align your people strategy to your business strategy

ADP Vantage HCM[®]

HCM technology + human insight for real business results

Cultivating a workforce that can truly transform and grow your business requires your attention to strategy, employee engagement and bringing new insights to the table. With ADP Vantage HCM[®], you'll get powerful technology and expertise that helps you focus on your vision and protect your people and data while simplifying administration, managing costs and minimizing risk – which translates into big wins for you and your organization. The foundation of your organization is your people. With ADP Vantage, you can get started on a successful workforce strategy to connect your people to the work they do for extraordinary results and business agility. Take advantage of smart, secure tools to harness more than 30 million people records and help guide you to the best decisions for your workforce. See how ADP works with you through each stage of the employee life cycle.

Acquire

Recruit the right talent

Elevate your employment brand and attract rock star candidates. Start with ADP's market-leading mobile and interactive hiring process across your social platforms. Equip hiring managers with compliance support and intuitive dashboards that provide visibility on progress and automate processes for speed-to-hire.

Did you know?

More than two-thirds of multinational companies see talent acquisition and tracking as the workforce management strategy with the greatest impact.¹

Verify employment and income requests automatically

As an employer, your prospective candidates and employees initiate processes that require you to respond to outside employment and income verification requests. Help close the compliance gap by automating the process, reducing risk and avoiding costs to verify income and employment. With the ADP Smart Compliance[®] Employment Verification module,* you have access to a completely automated system for handling employment and income verifications online, at no charge to you.

0

Did you know?

ADP performs millions of pre-employment screens in more than 170 countries per year.

Engage your people early

Create a structured, digital onboarding process focused on your employees' needs. During onboarding, ensure your new talent gets a fast start. Share your one-of-a-kind culture with your new hires before their first day to help build connections with their team and their new workplace. Automate the paperwork process to reduce risk and enrich the onboarding experience for your new employees, their manager and your HR staff. This simple, smooth and engaging process will help to slingshot your new hires into engagement, productivity and performance.

Did you know?

A structured, digital onboarding process focused on human needs and outcomes drives loyalty, productivity and retention, and facilitates the "3 C's" of onboarding: comfort, connection and culture.²

Manage

Magnify a smart workforce

Organize, direct and manage your people more effectively. With help from ADP, reimagine how efficiently you can optimize your structure, skills and success of your workforce to achieve big business objectives.

- Set goals and create career paths for your people.
- Ensure they are armed with the right pay, the right benefits and the right resources, with intuitive and connected systems to help you keep your

eye on the big picture while you power your talent strategy.

• Bolster succession planning by strengthening employees for current and future opportunities through competency assessments, proactive learning and skills development.

Drive a mobile workforce

Offer your managers and employees direct access to most of ADP Vantage's features with ADP's market-leading mobile app – ADP Mobile Solutions. The mobile app offers core features like clocking in and out, checking pay and tax statements and reviewing 401(k) contributions and account performance. Check out additional features such as offline clocking, team profile view and drill down, and setting up direct deposit using mobile image capture. Exciting new capabilities are added on a monthly basis to empower employees and managers to self-serve for their HR needs – anytime, anywhere.

Did you know?

ADP's mobile app is used by 15 million users, and counting.³

Optimize your workforce

Ensure that the right people are in the right place at the right time with powerful employee scheduling tools for managers. Align the availability of workers to the demands of your business, minimize under- and over-staffing and boost worker productivity and engagement by matching employee skills, preferences and availability to your needs.

Did you know?

ADP helps to protect more than 10 million worker schedules.

Control hours, absences and costs

Track employee attendance, absences and leave, and monitor worked hours in real time. Gain visibility into overtime and absences, so you can continually improve, and effectively manage schedules and labor costs. Simplify compliance by allowing the system to apply work and pay rules, govern processes and more accurately calculate hours and feed information to payroll.

Did you know?

ADP offers timeclock, desktop, mobile and offline time collection methods.

Be confident in your compliance

With increased regulatory complications, mounting digital security threats and a diverse list of employee needs, you have enough on your plate. Automate compliance processes and reporting that align to the regulatory environment so you can spend less time worrying about non-compliance or litigation and more time on strategic initiatives. Get support from our compliance specialists and receive alerts on legislative changes that can impact your organization.

Did you know?

ADP processed nearly 61 million W-2s in 2017 within the U.S.

Activate

Turn natural talent into extraordinary performance

Go beyond simply having talented people and help your workforce achieve its full potential. Built for team leaders and team members, leverage tools to help you laser target and tailor to each person you have to drive measureable results.

Empower your leaders and teams

Help your leaders and teams grow with the awardwinning solution, Compass^{5M} powered by ADP.* From a total of 16 minutes of development, you can start to see the potential for increased productivity, performance and retention. This diagnostic and learning tool focuses on boosting leadership and collaboration behaviors to create a more productive organization. Introduce a better path for building better teams and leaders to your workforce today.

Did you know?

Compass delivered 10% improvement in leadership behaviors within three months.

Create more teams like your best teams

StandOut, powered by ADP,* builds on the practices of the world's best team leaders to create new levels of engagement and performance. With a strengths-based approach, you can use StandOut to help your leaders activate the talent within their teams. Supported by critical insights and data, this tool will help you to turn talent into better employee performance and higher per-person productivity.

$\mathbf{\Omega}$

Did you know?

StandOut has proven to increase employee engagement 120% in 12 months.

Retain

Pay your people

Experience payroll and taxes made easier than ever before. Provide flexible payroll options plus anytime, anywhere access. Gain insights across your labor expenses and minimize mistakes with automated employment tax, wage garnishments, unemployment claims and health care requirements.

0

Did you know?

ADP pays 1 in 6 Americans and 1 in 3 Canadians. ADP has paid 39 million people worldwide.

Simplify benefits for everyone

Provide a retail-like experience, across desktop and mobile, to help your employees make cost-effective choices for themselves and their families. Gain critical insights into the engagement of your employees and benchmark against other companies. For the Affordable Care Act (ACA), get quick and easy reporting, and tap into dedicated expertise to stay on top of legislative changes and compliance.

Did you know?

ADP processes nearly 20 million benefits records.⁴

Analytics and Benchmarking

Make better business decisions with deeper insights into your workforce, powered by ADP® DataCloud, a powerful and intelligent set of data analysis tools designed to help HR professionals measure, compare, predict and apply insights uncovered from ADP workforce data. From suggesting relevant metrics and reports, to proactively spotting potential attrition, it gives you unparalleled ability to put data to work to help you move your organization forward.
