Are you feeling the pressure of the Talent Tsunami?

It’s a mass exodus of your employees going to other companies, industries or completely changing professions to find something more inspiring — a better reason to get up in the morning. ADP can help weatherproof your payroll processes and other core HCM functions, with the right people available to support your technology and employees, in the absence of payroll professionals.

Your employees had more than a year to reflect on what they’re doing, whether it’s truly fulfilling and what else they might like to do with their careers.

The results?

<table>

Whether it’s a promotion, a raise, burnout or a lack of engagement, your people are looking to leave.

Think that finding new talent won’t be hard? Remember, you’re competing with every company who’s in the same boat as you are.

The disruption in labor trends is even more challenging when you overlay them specifically for payroll practitioners.

Demand for payroll specialists is increasing.

- Current national open payroll requisitions: 51,302

Data from January 2021 was near 15,000.⁷

Finding available payroll professionals is more difficult.

- Unemployment rate: 1.8% *
Payroll professionals are aging.

- 74% are 40+ years old.
  When they retire, there will be limited talent available to backfill.¹

Payroll professionals job jump:

- 34% only stay in a job for 1–2 years.²

Payroll professionals are being replaced by technology:

- From 2018-2028 payroll and timekeeping clerk positions will decline by 3%.³
