

Client Success Stories: HR Team of One

Having the weight of an entire department on your shoulders can be stressful enough ... but add doing it all manually into the mix, and it takes on a whole new meaning. Check out these three HR superheroes who paired up with ADP® to transform how great work gets done:

Maintains a headcount approximately
25 to 50%
the staffing of similarly sized municipalities because of automation.

“ Because of ADP, we’re able to keep a lean staff. I would have had to hire at least two more people just to keep up with the demands of the employees. ”

Responsible for human resources for city employees, including managing payroll and risk management issues.

Mary Ann Haskins
