

Turn to ADP®'s knowledge and experience

Unsteady times call for the steadiest HR and payroll partner. ADP HR Outsourcing is here for you like we've always been. We give you the support you need to navigate payroll and HR compliance so you can focus on running your business through changing marketing dynamics.

Hear what ADP clients have to say about the HR outsourcing resources and tools that have helped them during these challenging times:

The ADP webinars and the Ambassador program have helped a lot. The most beneficial ADP service for us during this time is being able to access employee pay stubs without having to go through HR. Some need proof as to how much they made before their layoff or to get some type of benefits.

Amanda Spillman, HR coordinator, American Motorcyclist Association

ADP has helped our organization set up the payroll codes for tracking employees taking COVID-related sick leave and provided support for processing extra batches for employees on furlough.

Cortney Hollinger, special projects and HR manager, CLEAN Cause

Reporting has been the most beneficial ADP feature for us during this time. The easy reporting has helped us file and receive our Paycheck Protection Program (PPP) funds.

Jessica Schaap, director of HR, Select Resources, LLC

We've encouraged everyone to enroll in paperless pay stubs, since they're on direct deposit. So now we don't have to worry about receiving our payroll package when we're not at the office to receive it. It's good to know that ADP will help us keep payroll and benefits running smoothly while we're in upheaval.

Karen Schultz, VP finance and HR, Schermer

I appreciate ADP taking initiative to prepare templates for the PPP reports, so that employers can easily run them for small business loans.

Tarren Yost, HR manager, KDM Engineering

Our employees are the best at logging in and using the ADP system. We recently finished benefits open enrollments, and they were all happy with the walk-through wizard which made it easy for everyone.

Sarah Bhatia, administrator, Pawn Guru

ADP has done a great job. They were on the mark in a quick and efficient manner to set up the reports needed for small businesses to apply for the payroll protection loan.

Tracey Thomas, controller/CPA, Vehicle Logistics Solutions, LLC.

Having access to the ADP portal for open enrollment has been the most beneficial feature for us during this time, since open enrollment was done from home.

Marisol Robles, accounting/HR manager, Innovative Fabrication School, Inc.
