

# Here for you, through it all

But don't just take our word for it — hear what our clients have to say about how we've helped them in their greatest times of need with our service, resources, technology and partnership:

ADP's support during this unprecedented time has been incredible. The information on the CARES Act and PPP helped us fully understand the requirements necessary for our loan application. It's always easy to say that you have a wonderful relationship with your HCM partner when everything is going well, but it's in those times of crisis that prove how strong the relationship really is.

**Pia Saks**, corporate payroll manager, Vanderbilt Global Services, LLC

My ADP team is AMAZING! They have been responsive and all over the changes that have been issued. Also, they have been great about communicating appropriately. They really helped reduced my level of anxiety and stress.

**Julie Simmons**, partner, Paragon Marketing Group

[During COVID-19], Florida announced mandated quarantine for employees age 65 and older. Pulling the Medicare and census reports gave us quick data to understand the needs of our Florida workforce and create a plan of action for those affected.

**Marilyn Milby**, human resources and safety generalist SHRM-CP, Associated Asphalt Partners, LLC

The reports feature has been the most useful [during this global health event]. I have been able to run reports for all departments to help us to continue functioning as best as we can through this. I can pull headcounts, hours and earnings to help us cut back on costs as much as possible.

**Alyssa Kauffman**, HR manager, Monarch Steel

Not only is the ADP time and labor module great in a crisis situation, but it has made our everyday tasks more efficient as well. Having an electronic system that records, holds and creates all the calculations on its own, as opposed to a manual system in which we would've had to calculate the hours and then actually enter them in as well, is an enormous timesaver.

**Pia Saks**, corporate payroll manager, Vanderbilt Global Services, LLC

We have been fortunate in selecting ADP because we found a partner that can evolve with us, that is really there for us in times of crisis or need and can help us see and work toward the future. I know some folks with other companies that have switched to other payroll providers, and it has not worked out — it has not been an easy thing for them to transition.

**Donna Wilkinson**, senior vice president, human resources, Pacers Sports and Entertainment

ADP has been instrumental for our small company under 500. ADP reacted swiftly and really explained everything so well. The information provided on the webinar was awesome and setting up the policies and pay codes on behalf of the client and providing detailed information has been an extreme value add! Bravo!

[Additionally], the shortcut added to the main menu page [on the ADP portal] that provides COVID-19 updates keeps me up to date daily and provides helpful links that have really made my job easier. I can provide daily updates to senior staff that require it and are leveraging the information provided.

**Karyn Natale**, payroll manager, Glaukos
