

The Unexpected Benefits of Partnering with a PEO to Manage Workers' Compensation

You've spent years building your business. You want to keep your team safe and know that you'll be protected if the worst happens, but navigating the maze of workers' compensation compliance may keep you up at night. You don't have to go it alone.

Whether you need a comprehensive risk and safety analysis or want to ensure injured employees get the best care possible, ADP's PEO gives you access to multi-disciplinary expert teams that truly care about your employees's and your business's well-being.

Don't let workplace safety keep you up at night

Today's workers' compensation landscape is complex, expensive and confusing.

How ADP TotalSource® protects your business

Don't let the possibility of a worker's compensation claim scare you. ADP's PEO supports you every step of the way:

How ADP TotalSource® helps employees

Injured employees often ask: "What will this mean for my job, my family and my future?" A PEO can help your employees move from anxiety to action:

The value of true partnership

What's the true value of a PEO partnership? Having a partner that cares about you and your employees and can help you prevent workplace injuries altogether. 3.4 out of every 100 workers file worker's compensation claims¹. Protect your business and protect your employees with the best PEO partnership in the market.

Don't let workplace safety keep you awake at night. Contact ADP TotalSource® to get personalized guidance on keeping your business and your team safe every day.
