

Supplier Diversity Message from Our CEO

At ADP, the slogan “In the Business of Your Success” goes beyond the commitment we make to our clients to provide quality services and solutions to move their business forward. It also means that we support diverse businesses in the communities where we live and conduct business. We are proud members of many communities around the world, and we take our obligations as a corporate citizen very seriously.

It is ADP policy to give diverse suppliers an equal opportunity to be included in our strategic sourcing and procurement process. In return, companies that seek to do business with ADP must demonstrate the ability to add value and provide high-quality goods and services that are competitively priced, reliable, and aligned with our superior level of service.

Our Global Procurement Department works with all ADP departments to help ensure that we proactively identify and include businesses owned and operated by minorities, women, veterans, people with disabilities, lesbian/gay/bisexual/transgender (LGBT) individuals, in all purchasing opportunities.

ADP is committed to supplier diversity. We welcome the opportunity to build relationships with certified diverse suppliers, in support of our business growth and local economic development objectives.

Carlos Rodriguez
President and CEO, ADP
