As a Professional Employer Organization (PEO), ADP TotalSource provides small and mid-sized businesses with a co-employment relationship where they retain the day-to-day control over management of their employees, and the PEO handles HR and employee benefits administration responsibilities. This includes access to FORTUNE 500®-caliber offerings for health benefits, recruiting and new talent selection, and employee growth and development, which in turn help employers attract and retain employees.

Learn more about the benefits of co-employment. Call 800-HIRE-ADP or visit www.adptotalsource.com
